

Prioritized Goals and Objectives

1. Create a complete transit system within the region that connects to transit options serving outside the region.
2. Improve east-west connectivity.
3. Reduce auto congestion.
4. Integrate transit investments and land use plans.
5. Provide attractive transit amenities to improve transit use.
6. Increase transit ridership especially during commute times.

Prioritized Goals and Objectives

7. Integrate South Davis system within Salt Lake City current and proposed transit systems.
8. Develop and improve infrastructure to serve transit system (park and ride, bus stops, stations).
9. Improve non-motorized access.
10. Enhance quality of life through transportation options.
11. Maintain and enhance safety.
12. Improve access to public locations.

Prioritized Goals and Objectives

- I3. Improve access alternatives to economic centers.
- I4. Eliminate backtracking by improving access to north-south transportation corridors.
- I5. Use potentially dividing corridors to an advantage – minimize barriers.
